

Schools Secondary Mailer

Wording for letter

Dear Head Students

Have you organized your leavers' book yet?

Our **Leavers' books** come with either a template which makes them very easy to fill with photographs and narrative or a blank canvas for you to create your own concept. Starting at £6.50 they are the most competitive on the market and are produced on high tech presses, ensuring a real photographic quality to the finished product. Scan the QR code at the bottom of this letter and it will take you straight to our website where you can find further details, book your print slot or request a sample to see the quality.

Our **Friends' mugs** are for everyone who's looking for something to remember your friends and special moments, while you all take the next step. On the poster overleaf, there is a QR code that will take you directly to the relevant page. We suggest this could be displayed for everyone to see.

If you would like further information on either, please don't hesitate to call our customer service team on 0800 027 1939 or email info@apfs.org.uk

Whatever you decide, I wish you all every success with your exams and future journey.

With best wishes

Dan Dickey
